TITLE: Administrative subject files

DATES: i 1966-

ARRANGEMENT: Alphabetical by subject

ANNUAL ACCUMULATION: 0.10 cubic feet.

DESCRIPTION:

These are informational subject files. They are used as reference material for questions which might arise within the office or from the school board. They include: racial composition reports, year-end reports, boundary maps, census maps, voting district maps, county information, Boy Scout information, immunization, and history card information.

RETENTION AND DISPOSITION AUTHORIZATION:

Retention and disposition for this series were specifically approved by the State Records Committee.

APPROVED: 09/1989

FORMAT MANAGEMENT:

The retention and disposition information on this schedule applies to the record copy which can be in any format. The record copy can include different formats. Format management information provided here is for the purpose of managing records that are being either stored by or transferred to Utah State Archives.

Paper: Retain in Office until updated or superseded and then destroy provided federal reports are transferred to the archives.

APPRAISAL:

Administrative Historical

This retention is based upon the administrative needs expressed by the division. These files contain largely informational material which are updated on a regular basis. These files also contain a small collection of federal reports (ca. 1890-1910). It is not known whether they are the only copies in the district. They will be transferred to the State Archives for preservation.

TITLE: Block distribution printouts

DATES: i 1964-

ARRANGEMENT: Chronological

ANNUAL ACCUMULATION: 0.10 cubic feet.

DESCRIPTION:

These are computer reports containing collected data on school age children for every city block in the school district. The analysis provides an accounting for all children within the school district. Originally, these were used for a mandatory annual school census. They are now used to plan school population growth as well as changing demographic trends.

TITLE: Enrollment surveys cards

DATES: i 1988-

ARRANGEMENT: Alphabetical by school name

ANNUAL ACCUMULATION: 5.00 cubic feet.

DESCRIPTION:

These are surveys of all district enrollments. They are used as audit backup for the S-3 Report (a report submitted to the State Office of Education). The report gives the official district statistics and information, such as the average daily attendance for which the district receives benefits. The reports are broken down by student attendance per program. At the beginning of the school year the survey is taken to identify who is enrolled. The cards include: name, race, sex, address, names of parents or guardians.

TITLE: Family history cards

DATES: i 1948-

ARRANGEMENT: Alphabetical by student's name

ANNUAL ACCUMULATION: 1.00 cubic foot.

DESCRIPTION:

These are card files containing information on individual students within the school district and their families. The records are used as an official accounting of all students that have ever attended school within the Salt Lake School District, as well as back-up for auditing purposes. They include student's full name, student number, parent's names, sex, race, birth date and place, address (or addresses), and schools attended within the district. The active and inactive files are separated. The active files are for students attending school. The inactive files are for students who have graduated, moved from district, dropped out of school. While card files have been used to record this data, the district will soon be automating its record keeping system, and card filing will no longer be used.
